

# وَحِكْمَتِكَ يَا اللَّهُ

12

A chiastic structure, also known as a ring structure, is a type of poetic structure found commonly in ancient texts. The Holy Qur'an has also presented this structure in Surah Yusuf. However, this technique of symmetrical patterns demonstrates the most prominent features of ring composition more intricately than thus far has been acknowledged.

### The RING STRUCTURE

### Prophet Yusuf's Family Separation & Reunification

### Appendix 1

Note that the sequence is broken in the middle. There is indeed a beautiful message in it; The patience of Prophet Yaqub (A) is shown ahead of him receiving the glad-tiding.
